

# DIGITAL SUPPORT TECHNICIAN

TRAFFORD &  
STOCKPORT  
COLLEGE GROUP

## LEVEL 3 APPRENTICESHIP STANDARD

### COURSE DURATION

15 months

### DELIVERY

This apprenticeship is delivered in college one day per week.

### OVERVIEW

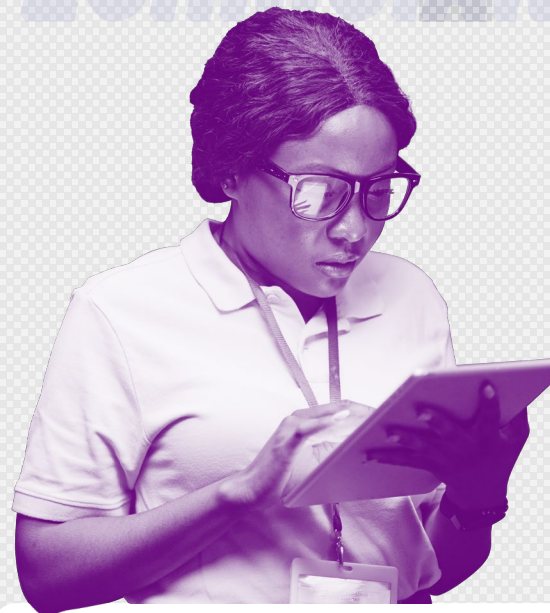

This apprenticeship will provide you with the essential skills and knowledge to deliver effective digital support across various organisational roles. You will learn to offer technical assistance through multiple communication channels, using diagnostic tools to address and resolve stakeholder issues. You will develop time management and prioritisation skills to enable you to handle workflows efficiently and meet critical milestones.

You will also focus on data security, ensuring you understand and apply relevant policies and legislation to maintain the integrity and confidentiality of data. Skills in basic data analysis and documentation support informed decision-making and provide a clear audit trail.

Specialised options enhance technical proficiency, including configuring digital systems, delivering application training, and investigating technical or application issues. Emphasis on continuous professional development and sustainability ensures you stay updated with emerging technologies and contribute to environmentally conscious digital practices.

### WHAT'S COVERED

- > Technical proficiency, problem-solving, and collaboration.
- > Diagnosing and resolving technical and application issues
- > Managing workflows efficiently
- > Maintaining data security in compliance with legislation
- > Using digital technologies, analysing data, and documenting processes to create clear audit trails
